

INTRODUCTION TO EARLY CHILDHOOD EDUCATION

5-8 pm MT (6-9 pm CT) Tuesdays

Jan. 18 - May 12, 2022

On-site at Ogallala campus.

Distance learning to all other MPCC campuses upon request
(McCook, North Platte, Valentine, Broken Bow and Imperial).

This course provides an overview of the history, trends, and philosophies of early childhood education.

Diversity, inclusion, licensing standards, current legislation, professionalism, and advocacy are examined.

Introduction to Early Childhood Education (ECED 1150) is a 3-credit class. It can be used for personal and community knowledge enhancement by those interested in early childhood education.

The class also is a requirement for MPCC's associate of applied science early childhood degree, diploma and /or certificate.

The course can also fulfill elective requirements for the associate of arts, general studies and science degrees. It also can be used for continuing education credit for a variety of careers including education, and childcare.
